Professional Cleaning Equipment

A MESSAGE FROM OUR FOUNDER

Dear Partners,

When we founded Doruk Hijyen in 1996, our vision was simple: to make professional cleaning accessible, reliable, and honest. Nearly three decades later, that vision remains unchanged — only our reach has grown.

We are not just a distributor. We are a bridge between Turkey's finest manufacturing capabilities and businesses around the world that demand quality without compromise. Every product in this catalog has been selected, tested, and trusted — first by us, then by hundreds of facilities across hotels, hospitals, and institutions.

What we offer beyond products is commitment: fast response, flexible solutions, and a partnership mindset. When you work with Doruk Hijyen, you work with people who answer their phones, keep their promises, and treat your business as their own.

"We don't sell equipment. We manage your cleaning operations."

I invite you to discover what Turkish quality and genuine partnership can bring to your business.
With respect and warm regards,

ERCAN ARSLANCA

Founder & General Manager
